Let us be the first to congratulate you on making one of the most important decisions of your life. The decision to start taking quality vacations with those that you love the most…your family. That may sound like a bold statement, but, in our minds, it’s really not. Think about something; when someone’s home catches on fire and is burning to the ground, what do they run back in for? Of course, their family is number one, but, after that, most people try to save their family photos, videos and memorabilia. If you think about it, everything else is replaceable, but your family and your family memories, are not.

Vacations are one of the most important gifts we can give to our families, and ourselves. Sure, we go to work every day, and many of us love our jobs. But, let’s face it, a job is really just a means to an end. One of those ends is spending quality time with those that we love the most…our families. And what better way to do that than taking family vacations together?

We invite you to step into a new world, our world; a world where vacations are a priority. A world where we make taking vacations more affordable, and therefore more accessible. You’ll never take quality vacations with your family unless you make it a priority in your life. That’s why we congratulate you on your decision to join our family…and to make vacationing with your loved ones a top priority.

Let us change your Latitude; and we promise…
it will change your Attitude!

Spirit, Adventure, Thrill Seeking.

Koala’s, Sidney Harbor and Opera House, the Great Barrier Reef, Crocodile Dundee and “Throw another shrimp on the Barbie,” are just some of the things Australia has given the world. Australia is the largest island in the world, with a topography that is both interesting and varied. Dive the Great Barrier Reef off the coast of Queensland; visit Ayers Rock, or “Uluru” as it is called by the Aboriginal people, formed over 500 million years ago, when sand piled up on the floor of an ocean that was once in the center of Australia. It is 1,142 feet high and over 5 miles around at the base, it is the world’s largest monolith, and truly a spectacular site.

Head on down to New Zealand and see the beauty where the Lord of the Rings was filmed. Rugged mountain ranges, green valleys, warm people, and the culture of the Maori people are all unique to this enchanted land. This is also the land where bungee jumping and jet boating were born. If you dare, take a swing on the Nevis Arc, the world’s largest swing.

You Ask... We Answer

You Have Questions... We Have Answers

Your membership provides you with a world of exclusive vacation savings and opportunities. To make things easier for you, we have compiled a list of some frequently asked questions, along with our answers. If you do not see the answer to your question, then you are invited to give us a call. One of our friendly team members will be more than happy to speak with you and answer any questions you might have.

Q: How and when can I get started using my Membership?
A: Great question, and it's a real simple answer. The good news is that your membership is active immediately upon your becoming a member. We recommend you start by logging in to your member-only website by typing the website address into your favorite Internet Browser, or on any mobile device. Your login credentials should have been provided to you when you became a member. Enter your User ID and Password, and then click go.

A good place to start might be to review our new member videos, which you can do from the Home Page. Just below the large picture carousel you will see a button that reads, 'Member Videos.' Once you click that button, you will see three in depth videos. The first is an overview of all benefits, and the second two describe a couple of our more popular benefits in much greater detail. These three videos will get you pointed in the right direction, but if you still have questions, please don’t hesitate to contact us.

Q: Who can use my Membership?
A: Based upon the type of Membership you purchased, you may have been provided with a form where you could list the individual family members that you have authorized to use your Membership. We have a copy of that list. Please understand that you have authorized these people to use your benefits. Each family member listed has unlimited access to Cruises, Hotels, Cruise Getaways, Fantasy Getaways, Staycation Getaways and Value Getaways. Be advised that family members under 21 years of age, and sometimes, specifically with condo resorts, family members under 25 years of age, may not be able to access resort condos without you accompanying them. This policy varies on a resort by resort basis.

Q: What is Travel Insurance and why should I consider adding it to my vacation?
A: Travel is expensive, and in order to safeguard yourself, you should consider purchasing travel insurance. Some include illness, death of a loved one, injury, loss or delay of baggage, and more. Travel Insurance can also provide 24-hour, worldwide emergency assistance. Be sure to ask one of our friendly travel team members about using travel insurance to protect your vacation against any number of unforeseen circumstances.

Q: What happens if there are changes or updates to my Member Benefits?
A: While this printed Guide lays out current Member Benefits, we are always striving to add enhancements. Accordingly, since it’s not practical to reprint this Guide every time an enhancement is made, you will always find the most current (and definitive) version on your member-only website.

Q: Can I travel last minute?
A: The answer is an unequivocal, YES. Remember however, old sayings are old sayings because they are typically true. Therefore, remember the old adage, “The early bird gets the worm.” Accordingly, while many times you can obtain good deals by traveling at the last minute, you must be flexible with your plans. If you are flexible on your destination and exact travel dates, or you can pick up and go at the drop of a hat, then many times we can find special deals for you that represent incredible value. Our Condo Getaways are a good example of this. We typically have access hundreds of resort condominium units that are available at the last minute, worldwide. Full week stays can sometimes be as low as $199. Clearly, that represents great value, and is offered on a space available basis only. For the most part, we recommend planning any vacation you are taking where your plans do not allow for such flexibility.

Q: When do I pay my Annual Support Fees?
A: Annual Support Fees are, as the name implies, paid every year. You may have signed a Sure Pay Authorization Agreement for the payment of your Support Fees. If you did, the payment will typically be charged to either a credit card or checking account when due, whichever you signed up for. Also, you will receive a notice via first class mail prior to any charge being made for your Annual Support Fees. If you did not sign a Sure Pay Authorization Agreement, you will be billed for your Annual Support Fees.

Q: Can I travel beyond the dates when my membership expires?
A: If you book any trip where your dates of travel fall outside the date when your membership expires, you will need to pay your Annual Support Fee prior to being able to complete your booking, or your travel.

Q: Can my Annual Support Fees increase?
A: Yes, they can. As a membership organization, our goal is to always guarantee you the very best price on all the travel and leisure benefits we offer. To do this, we pass traditional commissions (the kind that are held by online, public travel agencies, like Expedia, Travelocity etc.) we receive on to our members in order to reduce the price they pay for all these travel. Accordingly, we use Annual Support Fees to offset the costs of delivering this outstanding service to our members. Therefore, your Annual Support Fees may increase from time to time, and we use the widely accepted Consumer Price Index, from the Bureau of Labor and Statistics, as a guide. If your Annual Support fees are ever increased, you will be notified prior.

Q: How, and how often do you contact me with special offers?
A: We typically send out 2-3 emails each week with offers that have been specially negotiated for our members. These include a diverse array of offers that may include resort condos, cruises, hotel getaways and more. You can choose to opt out of any and all emails we send out at any time by calling our friendly customer service representatives.

In addition, each quarter, or more often, we will conduct webinars, where a major supplier such as Viking Cruise Lines, or NCL, produce a live, one-hour webinar, the purpose of which is to introduce their product/service/brand to our members. The best thing about these is that we always have pre-negotiated killer deals to offer members attending. These are not only fun, but they’re informative, and the savings are amazing.

Q: Do you offer any sort of price match guarantee?
A: Why yes, we’re glad you asked. We wouldn’t be much of a membership organization if we didn’t guarantee our members the very best pricing, on all of their travel needs, 100% of time, now would we? We are proud to offer a Price Match Guarantee, and you can always find it under the ‘Resources’ tab on your member-only website.
You Have Questions... We Have Answers continued...

Q: Can I travel last minute?
A: The answer is an unequivocal, YES. Remember however, old sayings are old sayings because they are typically true. Therefore, remember the old adage, “The early bird gets the worm.” Accordingly, while many times you can obtain good deals by traveling at the last minute, you must be flexible with your plans. If you are flexible on your destination and exact travel dates, or you can pick up and go at the drop of a hat, then many times we can find special deals for you that represent incredible value. Our Condo Getaways are a good example of this. We typically have access hundreds of resort condominium units that are available at the last minute, worldwide. Full week stays can sometimes be as low as $199. Clearly, that represents great value, and is offered on a space available basis only. For the most part, we recommend planning any vacation you are taking where your plans do not allow for such flexibility.

Q: When do I pay my Annual Support Fees?
A: Annual Support Fees are, as the name implies, paid every year. You may have signed a Sure Pay Authorization Agreement for the payment of your Support Fees. If you did, the payment will typically be charged to either a credit card or checking account when due, whichever you signed up for. Also, you will receive a notice via first class mail prior to any charge being made for your Annual Support Fees. If you did not sign a Sure Pay Authorization Agreement, you will be billed for your Annual Support Fees.

Q: Can I travel beyond the dates when my membership expires?
A: If you book any trip where your dates of travel fall outside the date when your membership expires, you will need to pay your Annual Support Fee prior to being able to complete your booking, or your travel.

Q: Can my Annual Support Fees increase?
A: Yes, they can. As a membership organization, our goal is to always guarantee you the very best price on all the travel and leisure benefits we offer. To do this, we pass traditional commissions (the kind that are held by online, public travel agencies, like Expedia, Travelocity etc.) we receive on to our members in order to reduce the price they pay for all these travel. Accordingly, we use Annual Support Fees to offset the costs of delivering this outstanding service to our members. Therefore, your Annual Support Fees may increase from time to time, and we use the widely accepted Consumer Price Index, from the Bureau of Labor and Statistics, as a guide. If your Annual Support fees are ever increased, you will be notified prior.

Q: How, and how often do you contact me with special offers?
A: We typically send out 2-3 e-mails each week with offers that have been specially negotiated for our members. These include a diverse array of offers that may include resort condos, cruises, hotel getaways and more. You can choose to opt out of any and all e-mails we send out at any time by calling our friendly customer service representatives.
